Dear Dr. Li:

The request to adjust the score for applicant Samar Ahmad has been reviewed. After evaluation, the decision was made that the oversight of the graduate transcripts by the reviewer did not constitute a substantive problem in the reviewing process. Furthermore, the applicant is not within funding or alternate status range with or without the adjusted score. The applicant's score will not be adjusted. You may notify the applicant of the decision. If you have any questions or concerns, please contact me via e-mail at [DDRA @ed.gov](mailto:DDRA@ed.gov).

The DDRA program is highly competitive, and we encourage the applicant to apply again next year. We wish her all the best in future endeavors and appreciate your continued support of the DDRA program.

Sincerely,

A handwritten signature in black ink, reading "Pamela J. Maimer".
